Juniata College

Dear Regional Coordinator Applicant,

Thank you for your interest in being a National Collegiate EMS Foundation Regional Coordinator! As a Regional Coordinator, you will serve a vital function within NCEMSF, and one which serves to further NCEMSF's mission to "support, promote, and advocate Emergency Medical Services (EMS) on college and university campuses" through the advancement of existing response groups and assisting in the development of new response groups and by providing a forum for the exchange of ideas of campus-based emergency response issues.

The Regional Coordinator is NCEMSF's most hands-on representative as its regional representative to over 200 member collegiate squads – you will be the primary contact point for these squads when they need to contact NCEMSF and when they need advice. You will help our Startup Coordinator when new squads want to establish themselves. You will also help to foster regional dialogue among the agencies in your region and will be responsible for maintaining contact with your organizations, keeping them informed of NCEMSF happenings, and keeping our organizational database updated. It is a dynamic and important position, and one which can provide you with important skills and experiences which will help you wherever your future takes you.

Once again, thank you for your interest in the position and in NCEMSF. I look forward to receiving your application.

Sincerely,

Michael T. Hilton
